

AAT eNews & Views Newsletter

Hello Vincent,

While many of us sat back in despair watching the floods on our screens in both QLD and NSW, I couldn't help but think how much more these humans can tolerate. Some of them had just recovered from last year's floods, and some were still coming to terms with losing their businesses and jobs due to COVID.

It's easy to forget that some of these humans are us. My thoughts go out to all our members impacted, and if there is anything the IPA Group can do to assist you, please reach out.

One of the things I do well is keeping up to date on the vibe of the industry, and I do that by reading lots. Admittedly not so many books, but reading blogs, articles and social media posts to spot what's happening. It's how I keep my pulse on the ball, which helps me understand the gaps in our industry and profession.

What I can share is that talent war shortage is no myth. It's a fact.

Who would have thought our industry would have faced a supply and demand issue?
